

# Understanding serial labels

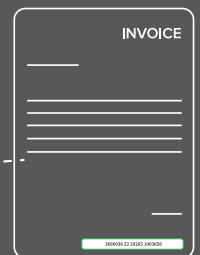

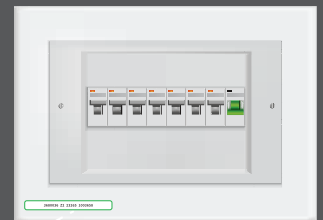

In an effort to increase our customer service and ensure that our product warranties are honoured, we have introduced an updated serial label system.

## KEY FEATURES

Additional peel off labels showing the serial number are provided in the electrical cover.

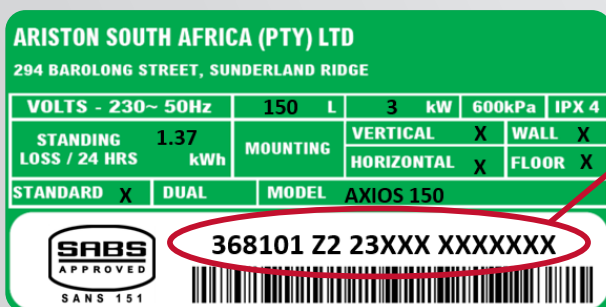

These should be stuck on the DB board and the invoice or CoC by the installer.

3680036 Z2 23265 1003658

3680036 Z2 23265 1003658

## Understanding the serial numbers

3680036 Z2 23265 1003658 (21 characters)

Product reference

Randomly assigned number

Year (20**23**) / Manufacturing day (**265**)
